19th January 2009

REBECCA STARLING, GOOD FOOD CATERING & EVENTS MANAGEMENT

I have known Rebecca Starling for over 3 years in which time she has proved herself to be a first class event caterer. She has provided an excellent level of service regarding the catering facilities for the VIP Corporate Hospitality Marquee at the Great Dorset Steam Fair for the past two years (2007 & 2008) and is contracted again for the 2009 event. The Great Dorset Steam Fair is one of the largest shows/festivals in the country and the VIP Marquee is a very demanding contract.

Rebecca is very knowledgeable and experienced in the catering industry and her expertise is greatly appreciated. She has proved herself to be very organised and capable when working under pressure and is trustworthy and reliable. She uses her initiative to the full and is very forward thinking.

I would certainly recommend Rebecca Starling to provide a quality level of service for any catering function.

Should you require any further information please contact me.

Yours sincerely

Martin Oliver
